

Capabilities Statement

Company Overview

Steady Marine LLC provides specialized **project management**, consulting, and **equipment supply** services to the **ship repair** and maritime industries. With over 20 years of **global shipyard experience**, we support vessel owners, operators, and government agencies in planning and executing dry dockings, repair specifications, **quality control inspections**, and condition surveys. Our team combines technical expertise with proven management practices to reduce cost, minimize schedule risks, and deliver successful outcomes on complex marine projects. In addition to technical management, Steady Marine supplies a wide range of marine equipment and spare parts, ensuring vessels are maintained to the highest standards.

Core Competencies

- **Dry Dock** Planning & Management
- Ship Repair Specification Writing
- **Shipyard Supervision**
- Ship Condition Surveys
- **Quality Control Inspections**
- Marine Equipment & **Parts Supply**

Past Performance

- Delivered US Navy's **M/V Sarah Lynn** (Ex-Petrel) multi-vendor dry docking and reactivation project at Detyens Shipyard, Charleston, SC – total cost **\$55M**.
- Managed **\$18M** dry dock repair project of a U.S. government-owned vessel at Alabama Shipyard, Mobile, AL (8 months).
- Delivered **\$8M** dry dock repair of SS Curtiss at Vigor Shipyard, Portland, OR (2 months).
